

Ceiling Spot Canopy

Elegantly minimal, this lamp attaches seamlessly to the ceiling to provide ambient illumination where needed. The shade can be mounted facing downward, and the adjustable and rotational fixture enable you to adjust the light to suit your preferences and needs. The elegant and warm brass brings beauty to any space and conform easily with other materials. Ideal to illuminate the kitchen, hallway, living room or anywhere a comfortable atmosphere is desired.

Mounting

Mounted directly to finished surface with the recessed circular junction box. Standard configured as hard-wired to be installed directly but can easily be re-configured to plug-in (More details in the installation manual). For installation we advise you to consult a professionally qualified electrician.

Design Features

Provides ambient, accent and task lighting

Compatible with standard GU10 LED

The adjustable and rotational cylinder luminaire emits glare-free, downwardly directed light

Available in pure brass, browned brass and black-browned brass

LED bulb

Design Process

Designed, crafted and finished by hand in Copenhagen. The fixture is made from diamond cut solid brass and for the browned versions, the brass material has been undergoing a browning surface treatment that enhances the look with a unique finish.
